

Dear FCC and whom it may concern,

I am writing concerning Proceeding # 04-233. I listen to a radio station called K-Love, 88.7 in my local area. I am a faithful listener and supporter of this local radio station. My family and I listen to this station everyday. I am not in favor of the new Low Power FM (LPFM) service you are proposing. I feel there would be an adverse effect on my local community if K-Love was replaced by a new LPFM. This is one of the only positive radio stations in my area. I believe that K-Love is a positive influence on my family and this community. Please consider this information before making a decision that will affect me and my community. Thank you.
